Special buscomb to suit

16mm<sup>2</sup> terminal capacity

Fits any load centre

# NEW

## COMPACT SAFETY SWITCH

### Features:

- 6A to 32A current rating
- 30mA leakage current protection
- Bottom feed to match all other MCB's
- Line side cables up to 16mm<sup>2</sup>\*
- Load side cables up to 16mm<sup>2</sup>\*
- Type AC or Type A
- C Curve

AS/NZS Approval

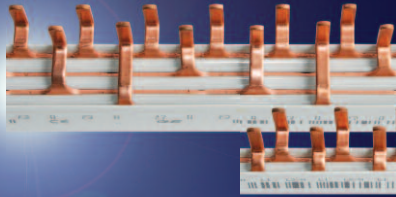

### e-RCBO – The Contractor Range

Description	Current Rating	Part Number
Twin terminal domestic	6A	DDCE60C06/030
Compact	10A	DDCE60C10/030
Single module	16A	DDCE60C16/030
6kA 30mA RCD	20A	DDCE60C20/030
with Overcurrent	25A	DDCE60C25/030
Protection type AC	32A	DDCE60C32/030

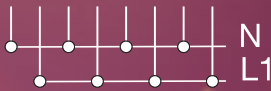

\*16mm<sup>2</sup> for solid conductor or boot laced stranded conductor

Rails for compact MCB's

### Insulated pin type busbar

Supply: 1 Pole + Neutral  
Cu 10mm<sup>2</sup> 18 Modules  
Cu 16mm<sup>2</sup> 55 Modules

Part No.  
624796  
624893

Supply: 3 Pole + Neutral  
Cu 16mm<sup>2</sup> 55 Modules

Part No.  
624892

### End caps

To suit  
1 Pole + Neutral Buscomb  
3 Pole + Neutral Buscomb

Part No.  
546181  
629867

### Switch Link

100A Active Main Switch Link  
Solid Copper

Part No.  
DDCE-MSL-A

### Connector clamp

Terminal Capacity 25mm<sup>2</sup>  
Lateral connection

Part No.  
624795
